

# BOSS 585 BAT PRO

cod. 749148

LED Battery Charging indicator

Dual Drive prevent off ratio

Speed regulator in handle

585 ml 3:1 385 ml 3:1

Compatible Cartridge

**High-performance 2-component 385 to 585ml 3:1 ratio cartridge dispenser for medium to high viscosity materials, powered by 20V lithium-ion batteries.**

## Features

- Dual Drive System
- Adjustable speed and pressing force: SFC Speed-Force-Controller
- Anti-drip rack retraction function
- LED light in handle
- LED battery level indicator
- 20V Li-Ion high performance battery
- U-opening frame with finger protection
- Overload cut-off function
- Glass fiber reinforced nylon trigger/handle

## Benefits

- Exact synchronous extrusion rate, ensures mixing ratio is maintained, no off ratio
- Prevents material run-on
- Work light on side
- Fully charged battery pack press out about 60 cartridges (\*at room temperature)
- Ease of cartridge insertion and removal
- Impact Resistant

## Specifications

Weight: 3.5kg / 7.71lbs (without battery)  
 Adjustable speed and pressing force: 5.5kN to 8kN  
 Voltage: 20V  
 Battery capacity: 2.0Ah  
 Capacity ml: 585ml / 385ml  
 Cartridge Ratio: 3:1  
 Viscosity: Med/High  
 Standard Colors: Black/Grey

Size: (LxWxH) 505x113x265mm / 19.88x4.44x10.43in  
 Frame Length: 265mm / 10.43in  
 Battery Charge Time: 50min (80%), 60min (100%)  
 Load Speed: 0 ~ 6.5mm/sec, 0 ~ 0.26in/sec  
 Handle/Trigger Material: Glass fiber reinforced nylon  
 Frame Material: Epoxy coated steel  
 Tool Component Approvals: CE, WEEE, REACH, RoHS, UL

## Accessories

2 Battery packs  
 Carry bag  
 EU- charger cable
